

# The Teleological Argument

## The "Teleological Argument"

- (1) Human Artifacts (like watches) Are \_\_\_\_\_
- (2) Our Universe and World Resemble \_\_\_\_\_
- (3) Therefore, the \_\_\_\_\_ Is the Product of Intelligent Design
- (4) But the Universe is \_\_\_\_\_ in Comparison to Human Artifacts
- (5) Therefore, There is a \_\_\_\_\_ Intelligent Designer Who Created the Universe

## Evolved or Designed?

Either everything that we see and know has evolved on its own, or there is a designer God who has designed it all. Everything has to either come from simple, random and accidental processes of evolution, or from the intricately complex, specific and intelligent processes of an all powerful, intelligent cosmic designer. So which is it?

## Evidence Our World is COMPLEX and Not Simple:

Amino Acids and Proteins: \_\_\_\_\_

### God Knew About the Invisible Complexity

#### Hebrews 11:3

*"By faith we understand that the universe was formed at God's command, so that what is seen was not made out of what was visible."*

## Evidence Our World is SPECIFIC and Not Random:

The Bacterium Flagellum: \_\_\_\_\_

Proteins: \_\_\_\_\_

DNA: \_\_\_\_\_

### God Already Told Us

#### 1 Corinthians 12:25-26

*The way God designed our bodies is a model for understanding our lives together as a church: every part dependent on every other part, the parts we mention and the parts we don't, the parts we see and the parts we don't.*

## Evidence Our World is Intelligent and Not Accidental:

Is it probable that the object could have occurred by accident? \_\_\_\_\_

Is the structure of the object 'specific'? \_\_\_\_\_

### God is the Intelligent Designer

#### Isaiah 45:18

*For the LORD is God, and he created the heavens and earth and put everything in place. He made the world to be lived in, not to be a place of empty chaos.*
